

Call for papers

Special Issue on Italian Journal of Geosciences

The Himalaya-Karakoram-Tibet system: Insights from the root to the surface

Possible topics

- Geodynamics and lithospheric architecture of the HKT system;
- Tectono-metamorphic evolution, stratigraphy and magmatism of the Himalaya-Karakoram-Tibet (HKT) system;
- Characterization of Neo-Tethys ophiolites;
- Earthquake geology and natural hazard assessment and mitigation;
- Hydrogeology and climate change of the “Third Pole”;
- State of the art and future perspectives in stratigraphy, paleontology, and basin evolution of the HKT region;
- Critical raw material potential and exploration of the HKT;
- Environmental challenges and social impacts of Earth Sciences in the HKT framework;

Timeline

Deadline for expression of interest: March 2026
(to be sent to chiara.montomoli@unito.it)

Deadline for manuscript submission: December 2026
