

Call for papers

Special Issue on Italian Journal of Geosciences

A century of geological research in Italy - celebrating the centennial of the publication of Bernardino Lotti's "Descrizione Geologica dell'Umbria"

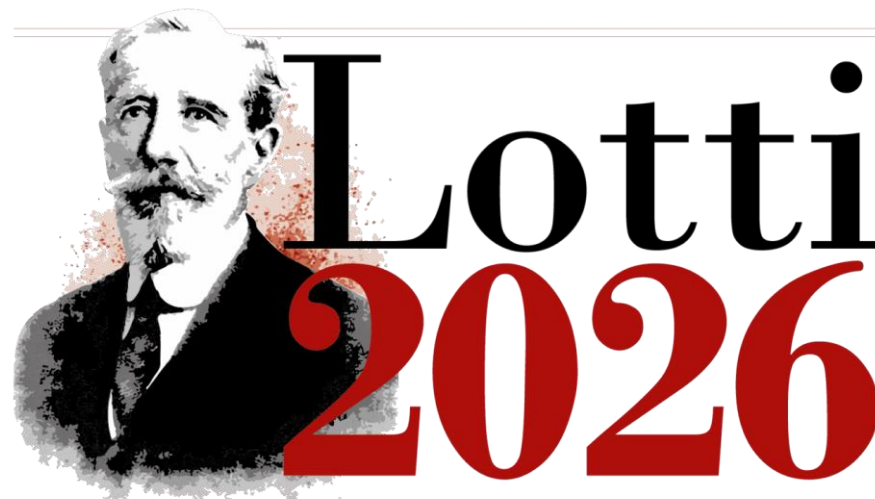

Possible topics

- The Legacy of Bernardino Lotti and his contemporaries: a retrospective on their fundamental contribution.
- Historical evolution of geologic thought: tracing a century scientific progress in Central Italy.
- The Northern Apennines as a natural laboratory: advances in stratigraphy and tectonics.
- Tectono-sedimentary evolution of the continental passive margin of Adria
- The Northern Apennines foreland fold-and-thrust belt
- Advances in Geological Mapping
- Landscapes, risks and resources of a complex region.
- Exploring the geological wealth and resource management of the Umbria-Marche region.

Timeline

Deadline for expression of interest: 31 July 2026
(to be sent to giulia.margaritelli@unipg.it)

Deadline for manuscript submission: 31 October 2026

100 ANNI DI RICERCHE GEOLOGICHE IN UMBRIA (1926-2026)
